VISTA community

Give the gift of hope to neighbors facing hunger this holiday season. We can take a bite out of hunger-we can do it together. This Christmas season we are collecting non-perishable food donations to serve others in need in Indian River County. A delivery has already been made to the local Salvation Army. Keep filling the boxes-we can make the holidays special for those that need a little extra help. Thank you in advance for your generous donations.

OWNERS:

Please... it is important that the association office has your correct mailing address; in the upcoming weeks we will be sending out a large mailing regarding the annual meeting and budget information, etc.

Also, if you have changed your phone number or email address, please notify the association office at your earliest convenience, by filling out a Resident Update form found in the Sunroom.

Your prompt attention is appreciated.

THE STORY OF THE POINSETTIA

Poinsettias are really colorful leaves, not flowers and are native to Central America, primarily southern Mexico. They get their American name from Joel Roberts Poinsett, the first U.S. ambassador to Mexico, who brought them to the states from Mexico in the early 1800s. They didn't become traditional holiday decorations until the entrepreneurial Ecke family started promoting them a century later. Paul Ecke Jr. sent free poinsettia plants to TV studios across the country, including "The Tonight Show" and Bob Hope's holiday specials. Eventually, the trend caught on, and now poinsettias are among the most popular plants sold in the U.S. Congress even declared December 12th to be National Poinsettia Day, the anniversary of Poinsett's death.

DID YOU KNOW?

Originally, Christmas trees were decorated with household items like apples and cookies, then paper ornaments and dolls in the early 19th century, according to History. By the 1880s, retailers like F. W. Woolworth and his five-and-dime shops (remember those?) popularized glass ornaments, often sourced from German factories where they were made by hand. To illuminate the trees, candles were the go-to option for decades, despite the fact that they would often cause fires. By the turn of the 20th century, small lanterns and glass balls that could hold the candles became more widely available. Electric Christmas lights (first invented by Edison's associate Edward Johnson) would light the way in 1900.

'Tis the Season

DO YOU KNOW WHO YOUR DESIGNATED VOTER IS???

All units with more than one owner must have a "designated voter".

A form should have been filled out with your welcome packet when you first moved in. Of course it's not always easy to remember what took place years ago, especially at such an exciting time as moving to a new home.

No worries... email the management office at diane.maer@fsresidential.com and we will be more than happy to look that up for you and let you know who is designated in your household to vote! If you are a new owner, please be sure you have sent in your signed Voter Designation Form!

Thank You!
